NOTIFICATION

Fort St. George, February 21, 1913.

The following notification of the Mysore Darbar No. Fl. 1384—S.R. 140-12-8, dated 5th February 1913, is published :—

Excise.

Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of arrack and other country spirits for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of three years from 1st JULY 1913 to 30TH JUNE 1916.

2. The contract for the Civil and Military Station of Bangalore is included in the notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in paragraph 6 of this notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign fermented liquors," or of country beer.

4. The quantity of arrack required is estimated at between 24,000 and 30,000 gallons a month the quantity actually issued from the Bangalore Distillery in the year 1908-09 having been 358,433 gallons. No quantity is, however, guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 25° under-proof, separately for sugarcane jaggery arrack, for palmyra jaggery arrack and for molasses arrack at which they offer to supply during the whole period of the contract. The price thus tendered for and accepted by Government shall be the price at which arrack of 25° under-proof will be supplied by the manufacturer to Government for issue to separate shop-keepers during the currency of the contract granted under this notification. The manufacturer shall, on requisition of Government, manufacture and supply double distilled or rectified spirits and other special liquors of greater or less strength than 25° under-proof in bottles of 6¼ drams (8 bottles to a gallon) or pints (12 bottles to a gallon), for issue to the persons licensed to vend the same at such prices as may be fixed by himself; but for single-distilled spirits of greater or less strength than 25° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for arrack 25° under-proof in accordance with Casella's Rules.

NOTE.—Sugarcane jaggery arrack shall also be supplied in bottles, if required by the Excise Commissioner, who will fix the rates of bottling charges.

6. Each tender must be accompanied by a deposit of *Rs. 5,000* in cash, or in Government securities, duly endorsed in favour of "The Diwan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the manufacture of arrack," and must be sent to the EXCISE COMMISSIONER AT BANGALORE so as to reach him before noon on the 10TH MARCH 1913, after which date no tender will be received. The tenders will be opened by the EXCISE COMMISSIONER at his office in BANGALORE at 12 o'clock noon on the 10TH MARCH 1913, in the presence of such of the

applicants as may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favour of "The Diwan of Mysore," to make up with the deposit previously made, the sum of FIFTY THOUSAND RUPEES, and shall execute an agreement on the form presented on proper stamps, offering as additional security all his apparatus and stock and block in the distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

I. The contractor will be required to manufacture arrack and other country spirits within the enclosure of the Government distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 700 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost, subject to the payment by the contractor of such additional rent or rate as may be fixed by Government; and such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor, provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily, a supply sufficient for a month's consumption (40,000 gallons at the present rate of consumption) and *never less* than 20,000 gallons of admissible spirits in terms of 25° under-proof.

III. The contractor will be allowed to purchase arrack and other country spirits from any sugar factory which may be established in Mysore, and which may be authorized by Government to distill arrack and other country spirits. Should the contractor himself establish a sugar factory and distil arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, and Hessarghatta filtered water or distilled water shall be invariably used at the distillery under the supervision of the Senior Officer in charge of the distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted, save by addition of Hessarghatta filtered water or distilled water for the purpose of reducing strength to the authorized degree.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, issue at the Government Distillery or other place where he may be allowed to manufacture the same to the Senior Government Officer in charge thereof such quantity of arrack and other spirits as may be indented for by him for supply—

1st. To such bonded depots as Government may, from time to time, establish and maintain;

2nd. To the Government Excise Depot in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

3rd To such other places and persons as may be directed by the Excise Commissioner.

(2) The contractor shall have no interest in the retail vend of arrack. Nor shall he employ as agent or in any other capacity in the distillery any person having such interest.

(3) The contractor shall sell double distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "foreign spirits and foreign fermented liquors" other than *straight* foreign malt liquors. He shall also sell the same to bonded depots and to hospitals and other public institutions, on the Excise Commissioner's requisition. These shall be issued in uniform sized bottles (6 qts. or 12 pints to a gallon) and at such rates of bottling charges as may be fixed from time to time by the Excise Commissioner.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, except for issue to Bonded Depots, unless the purchaser produces a treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depot in the Civil and Military Station, for which no treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out going contractor shall give and the in-coming contractor shall take over, any arrack or other country spirits and special liquors not exceeding a month's supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the Distillery to Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depots for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable price to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. The present valuation comes to Rs. 72,862-6-9, as per list attached.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited, and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

XIII. The contract shall not be transferable except with the consent of the Government of His Highness the Maharaja of Mysore.

But for these spirits as well as for other special liquors manufactured at the Government Central Distillery, Bangalore, or other place approved by Government, both the manufacturer and the licensed vender will be at liberty to fix their own prices.

NOTE 4.—The present contractors are reported to have, up to the end of January 1913, incurred an expenditure of Rs. 72,862-6-9, on account of plant put up.
